Real Estate Men Happy.
Not the least of the ardent pushers and hopeful men in Salt Lake are the real estate dealers. "Where we once had to hunt customers," said one, whose office is on South Main, "now customers have to hunt us." This dealer reported a special inquiry for inside business property. During the last two weeks a strong demand for small homes and building lots was the most noticeable feature. Those seeking small homes, he said, seemed to have money enough to cover investments, and were anxious to close bargains. The trend of desire seemed to favor sites on the northeast and southeast sides of the city. This dealer had a \$10,000 proposition on the string.
Another dealer whose office is on Second South said the demand for real estate was general in all parts of the city. Improvement was noticeable everywhere. Buildings are going up without particular distinction as to locality.

Coming From the Coast.
"A great many people are coming here from southern California," said an erstwhile business man of the Golden State. "They are coming over the Clark road, bringing some of the money they made in Los Angeles with them. These moneyed men are confident of meeting the same results that attended their investments in Los Angeles two or three years ago by repeating the same in Salt Lake. The low price of Salt Lake property—that is, property at convenient distances from business centers—seems to attract them here, especially as the future of Salt Lake is so dazzling to their vision.
A proposition is pending for the purchase of property on West Temple street, not far from Second South. If successful, the consideration will be \$25,000. Strangers in town, apparently acting for Eastern investors, are making inquiries for property on West Temple near First South. If the deal goes through, it will represent an outlay of \$50,000. Definite knowledge may be obtained in a week.

Changing Its Name.
A plan is in contemplation to change the name of the Brigham Young Investment company, or plain Investment company. The reason given is that none of the heirs of Brigham Young are any longer interested. Moreover, it is not a trust, but a realty company. The directorate will be reduced from five to three. The change will be announced three weeks hence.

Commercial Stocks.
Only a few shares have changed hands in local commercial stocks during the past week. The main feature was Utah preferred and common, considerable blocks of the former selling at \$10.70, while the latter was eagerly sought at \$7.30, with four shares. Owing to the flattering reports that come from every mining district in this state and Idaho, brokers are confident that the trend of prices will be upward.
The New Western Idaho Sugar company will be incorporated about June 1 with a capital of \$1,500,000, 10 per cent of which will be paid up at the time of incorporation. These shares are to be issued at \$100 each and are already quoted at \$104, which quite creates a new record in the history of sugar incorporations. Following are the latest quotations:

CAPTAIN COURT-MARTIALED.

Transport Paymaster Is Arrested for Drunkenness.

SAN FRANCISCO, May 13.—Capt. Franklin W. Hart of Washington, D. C., paymaster of the transport Lawton, has been arrested for drunkenness and will be court-martialed.
Hart, it is alleged, came down from Mare Island with orders for \$10,000 on the navy pay office. He returned to the navy pay office, he returned to the navy pay office, he returned to the navy pay office. He was accompanied by a friend who was more intoxicated than himself. Officials, after trying in vain to get a lucid statement, had him arrested. It could not be learned what he had done with the \$10,000.

Worth Considering.

Bell had the cream of the business here when we began. Bell and Boston enjoyed it; Salt Lake didn't. That's why we began.
Bell residence rate was \$60, then \$45, now \$36. Why, do you think it is worth considering? Bell will contain 1100 new names. Are you in it? Individual lines, unlimited service, with all the privileges of our information, only \$2 per month.

IN HER MOTHER'S ARMS.

Affecting Is Nan Patterson's Welcome to Her Home.

WASHINGTON, May 13.—Nan Patterson, accompanied by her father, and Mr. and Mrs. J. Morgan Smith, arrived in Washington from New York at 7:29 o'clock this morning over the Pennsylvania railroad. Miss Patterson remained in her car until 8 o'clock, when she left the train and proceeded to the home of her parents. All members of the party were in good health and spirits. The trip from New York was without incident.
From the station the members of the party were driven directly to the home of Miss Patterson's parents. When the carriage conveying the party reached the corner of the street adjacent to the Patterson residence, the impatient girl could restrain herself no longer. She sprang from the vehicle and ran down the block, stopping to hug and kiss her relatives as she came to them on their way to meet her. She hesitated only long enough to give a brief greeting to each in her hurry to reach home and mother. She disappeared through the door after running up the steps, with outstretched arms and the word "Mother" on her lips.
Mrs. Patterson, who was prostrated by the news of her daughter's freedom yesterday, stood, supported by the arms of her husband, on the front veranda, and with tears of happiness glistening in her eyes, and a quiver of emotion in her voice, said, "My daughter is with me now. All my children are home; I am so happy."
Nan's father said that, although many flattering offers of engagements had come to his daughter, none of them had been considered, and none would be for some time. "She will remain at home and take a good rest; after that she will take up the question of the future."

GOLD DETECTOR WORKS.

Toledo Men Claim to Have Located Rich Treasure.

TOLEDO, O., May 13.—Mayor Finch was asked for police protection by two men who say they have located \$27,000 in gold on the shore of Maumee bay, and expect to dig it up shortly. They told the Mayor that they feared they might be robbed of the money. The presence of the gold, according to the story told the Mayor, was discovered by a "gold detector," a new machine which one of the men has perfected. The men said the money was buried by a man, who afterward became blind, and could not find the spot where he had buried the treasure.

STAMPEDE IN GOTHAM.

Mustangs Run Wild in New York Streets.

NEW YORK, May 13.—A taste of life on the range has been given to the residents of the Upper West Side by the stampeding of 100 mustangs at Sixth street and West End avenue. There was a wild scramble by the cowboys who came east with the animals, which were to be sold here, but the bunch scattered in all directions. After three hours most of them had been rounded up by the aid of the police.
A small boy started the stampede by hurling a stone at the ponies. Part of the herd was caught at One Hundred and Tenth street and Central park west. Another section rushed out to the end of the Forty-fourth street pier with such speed that three of the animals were thrown into the river and drowned. On every street and avenue mounted men with ropes gave the section the air of a Western round-up. A horde of automobiles joined in the chase. The tooting horns and screams of passengers increased the excitement. Numerous accidents were reported at various places over the district, but no one was seriously hurt.
